

## *Helen's Hen House - 2009*

We pride ourselves in offering the best and most versatile classes! Our teachers are experienced, very enthusiastic, and enjoy what they do. If ever there is something you want to learn, mention it to one of the instructors, they are always open for suggestions

### **Class Policy**

You will not be officially signed up until payment is made. Upon receipt of your payment, your name along with your contact number will be placed on the class roll.

Since class fees go directly to the instructors, it is our expectation that the materials for the classes will be purchased at Helen's Hen House.

A minimum enrollment of two students is required; otherwise, the class will be cancelled. If we have to cancel class, you will be notified and may request a full refund. You must have your paid receipt for any refunds.

Advance cancellation by a student must be done prior to 7 days of the class for a full refund. Again you must have your paid receipt for any refunds.

No refunds for short notice cancellations or no-shows.

Unless otherwise stated, class fees do not include materials or supplies.

A supply list will be given to you at time of payment and sign up. If it is not given to you, please ask for it as all supply lists are in the binder right behind the sign up page. We ask that you please be sure you have all the supplies before class. When pre-cutting instructions are given, we ask that you have everything cut also.

For classes based on copyrighted patterns or books, the student is required to have purchased the pattern/book.

Be sure to be on time.  
And by all means, enjoy yourself. We love having you with us.
